About me

I am a perfectionist at my core, I like to be persistent to achieve a set goal.

In the workspace, I am someone who likes to push forward with setting an example or boosting morale. I am always ready to learn and improve.

And I like games, did I mention that?

Hobbies

- Playing great games
- Building PC's
- Working on RC-cars
- Practicing DJ'ing

Core skills

- Development in C++/C#

Look at my portfolio for examples

- Quick learner of new concepts and methods

Displayed in the projects I was able to make in 2 years time

- Good listener, able to apply feedback effectively

Working with multiple teams teaches you this skill
